

## **Section One - About the League**

Q: What is the League of Women Voters?

A: The League is a non-partisan political organization that encourages informed and active participation in all levels of government.

Q: What does it mean that the League is “non-partisan?”

A: The League does not endorse candidates or political parties for any elected governmental office. This allows the League to hold forums and debates where candidates from various political parties appear. The League does take positions on issues after careful study and consensus.

Q1: If I join the Greater Tucson League, do I need to join the national and state organizations?

A1: When you join the local League, you automatically become a member of the state and national organizations.

Q2: I'm new to Tucson; how do I find out what's going on with the League?

A2: General meetings are open to the public and listed in the [League Calendar](#) with topic, date, and location. Meetings usually include an informative and educational program with outside speakers on a variety of relevant topics such as natural resources, human trafficking and school choice, to name a few. These meetings are a way to meet other members and find out more about League activities. The [current newsletter](#) also lists events. There are also Unit meetings which are smaller and more informal groups that meet monthly and serve specific geographic areas of the county.

Q3: Are there activities outside the City of Tucson?

A3: In addition to the Midtown Unit and the Eastside Unit, there are Units in Green Valley, Saddlebrooke and Northwest including Marana and Oro Valley. Our [web Calendar](#) will list the meeting locations.

## **Section Two - Volunteering**

Q4: What volunteer opportunities are there?

A4: There are several standing committees, including Membership, Voter Service, Development, and Communications. In addition, there are short-term project committees such as a Voter Service project and longer-term projects for national, state, and local studies for membership consensus. Money in Politics and Amending the U.S. Constitution will be two national studies in 2015-16.
